

Emerald Lake Regional Park Golf Course

Spring Clean-Up – May 1

Your Emerald Lake Golf Course Committee has an ambitious season planned that will include a number of improvements to the Course. This will include the installation of a new Green on Hole #1, remediation of the Green on Hole # 9, and a continuation of great efforts to improve the aesthetics, playability and enjoyment of the course.

It all starts with a Spring Clean-up on Saturday, May 1. We need volunteers and hope that you, friends and family members can join in as we prepare for Park opening. The main activities will include: Dead tree felling/removal, leaf and branch clean-up, light work on the sand greens, bridge remediation and garbage pick-up. Details Below.

9:00 – 12:00, Saturday, May 1

Meet - outside the Park Office

(please respect COVID protocols as we gather briefly.)

Bring – Rakes, Leaf Rakes, Chainsaws, Shears

(Don't forget protective gear, eyewear, water and sunscreen)

Bridge remediation – We need a minimum of four tall jacks with support blocks for the jacks, and some power tools to lift and stabilize the footings. We could use a few deck-blocks if anyone has any extras lying around their lot!

I can be reached at the number below if you wish to discuss anything. Thank you in advance for helping out – if the May 1 date does not work for you there will be other opportunities over the spring and summer.
